

AIRMASTERS

Innovative Compressed Air Solutions

AIR WIPE AIR-AW15 ØINT. 40 MM

AirMasters air wipes are ideal to clean, cool and dry cables, pipes, extrusions, hoses, wires and ropes. They are easy to mount and maintain and reduce both compressed air consumption and noise levels. Producing a "laminar" flow of air along its 360° angle using the Coanda effect which entrains a large volume of air from the surrounding area along with the small amount of compressed air to produce an output flow up to 30 times the initial one. Our air wipes are available in anodised aluminium, steel 304 and steel 316L. All models are provided with stainless steel screws and stainless steel shims.

Internal diameter	40 mm
External diameter	103 mm
Dimensions	103 mm x 25.9 mm
Shims	Stainless Steel
Air consumption at 5 Bar	38 Nm ³ /h
Air Amplification	30:1
Sound level at 5 Bar	76 dB(A)
Connection type	Female
Side connection without tube 	1/4" x 2
Side connection with tube 	1/4"
Blowing pattern	Circular
Max operating pressure	10 Bar
